OLD TIMERS ONCE AGAIN REJOIN SANTA FE

Familiar Faces of Three Conductors to Be Seen Again With System on Which They Once Were Known.

Los Angeles, Cal., April 21.—There are three familiar faces back on the Santa Fe...

Norton has already gone to work. Sunday he did extra passenger work and probably today will come out of Los Angeles...

Haldwin will go on the extra beard as a brakeman but railroad men believe that it is only a question of time when he will be given his seniority rights as a conductor.

For a number of years all three men were on passenger runs. Hill and Norton have been out of service for over a year and a half and Haldwin has been out a year. When the Western Pacific opened all three, along with a number of other Santa Fe men, took trains with that company...

SATURDAY'S SPECIAL SALE.

- Fancy Pumpkin, per can, 10c
Stringless beans, per can, 10c
California cherries, per can, 10c
Buckwheat flour, per pkg, 15c
Fancy Codfish, 15c
6 lbs. of rice, 25c
3 lbs. of soda crackers, 25c
3 pkgs. of mince meat, 25c
2 pkgs. of sage, 15c
2 pkgs. of Puffed Rice, 25c
10-lb. pail of syrup, 40c
2-lb. can Kuhn's pork and beans, 10c

THE MAZE. WM. KIEKE, Proprietor, 211 South First Street.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all druggists.

TO RESUME WORK ON RAILWAY

Settlement of Dispute of Receivership of Albuquerque Eastern: Receiver Otero Gets Busy; Santa Fe Doings.

Santa Fe, N. M., April 21.—Construction will soon be resumed on the Albuquerque Eastern railroad, now that the court decision segregating its receivership from the New Mexico Central has been handed down.

Judge John R. McFie yesterday evening appointed former Governor M. A. Otero as receiver of the properties of the Albuquerque Eastern railroad. This action was in pursuance of the decision rendered last night in the case wherein certain creditors sought the removal of Receiver C. C. Murray of the New Mexico Central railroad. Judge McFie at that time ruled that Mr. Murray should be retained as receiver of the New Mexico Central, but that the properties of the Albuquerque Eastern should be segregated therefrom and a separate receiver appointed.

Receiver Otero will at once qualify for the position by giving the \$10,000 bond required by the court and expect to immediately assume charge of the property with the view of settling up its affairs, satisfying the creditors and putting the road in position, if possible, to resume construction of its line to Albuquerque at an early date.

Judge McFie, who has been detailed in Santa Fe for the hearing of the New Mexico Central litigation, leaves tomorrow afternoon for Washington, where he is to appear before the committee on territories in both house and senate in behalf of the immediate approval of the New Mexico constitution.

W. M. Reed and P. W. Dent, who have been at Roswell conferring with the Honda reservoir water users, left for their home in El Paso. They were finding the disposition of the members of the Water Users' association of the subject of making the four years' plan to build the canal stream, and they report that they found the people in favor of it and everything leading up to the improvement moving along in a satisfactory manner.

The retreat land and Cattle company filed incorporation papers in the office of Territorial Secretary Jaffe today. The new company is incorporated with \$3,000 worth of stock, consisting of thirty shares of \$100 each. The main office is at 441 San Francisco street, this city. The incorporators are: William P. Astley, five shares; Ida W. Astley, five shares; Thomas S. Cabrot, five shares; May N. Patterson, five shares; J. W. Wagoner, five shares; Lillian Wagoner, five shares; J. W. Wagoner, five shares; Lillian Wagoner, five shares. The company is incorporated for a period of 25 years. The directors are: W. F. Astley, Thomas S. Cabrot and May N. Patterson.

Water Applications. Action has been taken by Territorial Engineer Miller on the following water rights applications:

No. 542. John W. Lillard of Farmington, for waste water from ditch flowing in Hubbard arroyo, located on the grounds that waste water is not subject to appropriation. No. 418. Charles T. Adams of Carlsbad, for the use of waters of Siding Hill creek, approved. No. 494. R. L. Survant of Trinidad, Colo., application for waters of springs approved, eliminating springs Nos. 3 and 4.

PRETTIEST BABY WINS PRIZE

No Race Suicide in San Marcial as Attested by Popular Baby Contest: News of the Town.

Special to Evening Herald. San Marcial, N. M., April 21.—The popular baby contest at the moving picture show closed last night, Elmer McClure, the little son of Mr. and Mrs. Gay McClure won the prize. George stands McLellan, son of the Santa Fe's superintendent's chief clerk, G. S. McLellan, and little Miss Penn Smith, daughter of the Harvey house manager, were close in line for the honors until tonight, when McClure won out by 1399 more votes than the next nearest candidate received.

Mrs. M. Kane has taken the day work at the telephone exchange and Miss Belle Silver has returned to Magdalena.

Rev. Father Pelzer administered the first Holy Communion to 17 girls and 14 boys at Old Town Easter Sunday.

Presiding Elder Messer preached at the Methodist church both morning and evening last Sunday.

Guy Barrow has gone to Magdalena to open a barber shop in a hotel there.

Diarrhoea should be cured without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all druggists.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

Found, Wis.—I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted several different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman.

I can't find words to express my thanks for the good your medicine has done for me. You may publish this if you wish.

—Mrs. HERMAN SIETH, Found, Wis. The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it is free and always helpful.

PRESIDENT TAFT IS NOT COUNTING ON SUMMER VACATION

Plans to Take Long Walks and Play Many Games of Golf This Spring; Hard Work During Hot Weather.

Washington, April 21.—President Taft has banished all thought of a summer vacation, and his friends say he will stick it out in Washington as long as congress feels that it should remain in session. When he called the extra session to pass upon the Canadian reciprocity measure, he was aware that the Democrats, with control of the house, would not be content to go into the Canadian reciprocity measure alone, when the people are demanding tariff reform.

Washington in the summer months is anything but an ideal vacation city. Congressmen show this as well as government officials. In the hot days of July and August the asphalt on the streets is soft and readily takes the impression of the foot of all who walk over it. President Taft, being rather a large person, is not fond of hot places. He had made all arrangements to spend the summer this year again at Beverly Hills, Taft will go to Beverly Hills in June. Should congress decide to do nothing but pass the Canadian pact the president will be ready to go with her.

Democratic leaders are declaring that an all summer session of congress is inevitable. They point out that they were given control of the house by the people, who demand a change in the high cost of living, had to the door of the Payne-Aldrich tariff law. They feel that they must not shirk their duty because Washington is hot in summer and they say they will have to stay here and do what they can to change the obnoxious schedules of the present tariff law.

Although the senate may remain inactive, it cannot adjourn without the consent of the house, a unanimous agreement as to adjournment being necessary. The house can therefore go ahead with its revision, doing its share of the work, and leaving the country to fix the blame should the senate fail to attempt to revise any of the schedules. Under the terms of the constitution neither houses, without the consent of the other, can adjourn for a period greater than three days.

President Taft has made elaborate plans for a pleasant spring half-year afternoon, the weather permitting, on the hill. Then there will be long walks in the early evening, horseback riding when the sun is not too hot and several travel jaunts. During the middle of April he will go to New York as the guest of the New York Hungarians. The fourth of July will find him in Indiana. In September he will go to Hutchinson, Kan., to attend the Kansas state fair. This trip will be extended, it is understood, to take in many of the middle western states, where inaugurations is riding rough shod over the old line Republicans.

SATURDAY NIGHT DANCES. J. J. Votaw, Manager. ODD FELLOWS' HALL. Gentlemen 50 cents; Ladies Free. Good Floor, Good Music. Questionable Characters Not Admitted.

EL CAMINO REAL FOR LAS CRUCES

Good Roads Campaign Receives Stimulus at Hands of W. A. Sutherland; Militia Inspection: Mesilla Items.

Special to Evening Herald.

Las Cruces, N. M., April 21.—El Camino Real is playing a very important part in the development of the farming land in the Mesilla valley. The roads on the whole have been poorly cared for and in many places there is heavy sand. To remedy this drawback, the farmers, under the leadership of Hon. W. A. Sutherland, made an active good road campaign with the result that the El Camino Real movement was started. It will pass through the heart of the valley and extend from Anthony on the Texas line to Dona Ana, a small village five miles north of Las Cruces. All the lands along the road are assessed 50c, 25c and 20c per acre, according to their distance from the road. In addition to this assessment, private subscriptions have been taken up. Finally, the territory puts up \$1 for every dollar raised in any other way.

The boys of the Las Cruces militia have been quite active for the past two weeks. Clothes were brushed up, shoes shined and guns polished for the coming of Capt. N. S. Barlow, now connected with the New Mexico Military Institute of Roswell. Captain Barlow inspected the militia and complimented the boys very highly. He left for Silver City and Albuquerque to inspect the militia of those cities.

This summer the boys will take a trip to Las Vegas for a three week's outing. Last year they were sent to California for a three week's campment. The past week, teams have been busy plowing and harrowing and churning. The adobe from chucked buildings are being used and as soon as they settle the steam roller will be used.

The sad news of Thomas Harbush's death was received by his many friends in Las Cruces Thursday morning. Mr. Harbush had many friends in the Mesilla valley and they mourn his sad and untimely ending. College Field Day. The students of the Agricultural college are taking a considerable interest in the local field day, which starts here April 21 and is a forerunner to the larger ones. They will meet the El Paso Y. M. C. boys on April 23 and take part in the southwestern Federation meet on May 8th at El Paso.

The features of the meet will consist of high hurdles, low hurdles, high jump, long jump, discus, shot put, pole vault, college relay, final relay, pole vault and several foot races. Those taking part are: Nabors, Elliott, Campbell, Anderson, McCusker, Merrill, Anderson, Williams, Patterson, Smith, Martinez, Knorr, Gardner, Lock, Taylor, Bous, Blay and Shepherd.

The boys took first place in the meet last year and have high hopes of doing the same this year.

FOREARM CRUSHED BY COG WHEEL

Roswell Sheep Man Has Narrow Escape From Death: Brave Little Wife Drives Him Unconscious to Town.

Roswell, N. M., April 21.—Joe H. Clements, the well known sheep man, lost his right arm and had a narrow escape from death by shock and bleeding Tuesday when he got his coal sleeve caught in the cog wheels of his gasoline engine at his ranch 45 miles southwest of Roswell. He was brought to town and had the crushed arm amputated three inches below the elbow late yesterday afternoon. Although his condition is serious, his physicians believe he will safely recover.

The accident happened at 7 o'clock in the morning. Mr. Clements was oiling his engine and pump, to draw water for his sheep, when his sleeve went between the wheels and his arm was drawn in. With all his strength he jerked loose, but only after the bones and flesh from the wrist to three inches below the elbow were ground to a pulp. He fell unconscious to the ground and was found there between two great pools of blood when his wife came out to see what was the matter. Only a week before he got his sleeve torn off in the same way and his wife went out to see if he was having more trouble from this cause.

As soon as possible Mrs. Clements got her husband into the buggy and started to town. The news was telephoned in from Sunset ranch, but Mrs. Clements drove on toward Roswell accompanied by a neighbor who took on horseback to the city.

FRUIT CROP SAFE THE MASQUERADERS SAYS EXPERT IN SANTA FE

Former Fruit Inspector for State of Idaho is Optimistic After Inspecting Orchards: Large Yield Expected.

Roswell, N. M., April 21.—According to A. H. McPherson, who for a number of years was state fruit inspector in the state of Idaho the fruit here is in excellent shape. He was out Sunday afternoon to see if the light frost of Saturday night had any damage and says that he could find no trace that had been damaged in the least, regardless of the fact that many orchards were not heated during the few minutes of cold early Sunday morning.

The buds are still in excellent condition, he said. Why, I even saw some that were just at the danger point and the frost had not injured them in the least. The volunteers got their first real work out shortly after 1 o'clock Sunday morning. The thermometer registered 35 and the alarm was sounded. In a very few minutes the autos were carrying volunteers to the orchards. Fortunately the mercury did not go below a thirty and stated that for only a few minutes. In several of the orchards none of the heaters were lighted, while in others only a small portion were lighted and there were quickly extinguished when the sky clouded and the mercury began to go up. It proved that it was not necessary to light the heaters in any of the orchards, but it was getting so near the danger point that many did not care to take any chance. It is thought that the danger is practically past now, but the volunteers are asked to hold themselves in readiness during this week at least. Their offer of help was greatly appreciated Sunday morning, and while fruit men believe it would take a hard freeze to do any damage now, no chances will be taken.
